

Exceptional beers don't just arise out of nowhere: they are born from creative craftsmanship. Inspired by its passion for constant innovation, the Palm brewery built its own microbrewery: de Hoorn, where our master brewers spend their days experimenting with herbs, hops, fruit and wood. They test new combinations of yeast and hops, and new, innovative maturation methods. Originally, de Hoorn was a farm inn with space for horses, dairy cattle and grain. In 2014, Palm restored de Hoorn, a 300-year-old village farm, to its former glory.

 **AWARD** EUROPEAN BEER STAR - GOLD 2018**CORNET 8.5%**

HEAVY BLONDE

CORNET is a heavy blonde Belgian beer with 8.5% ABV brewed with fresh oak. During the brewing process, chips of oak are added to the beer, creating a unique taste sensation that strikes a balance between the fruitiness of the yeast and the vanilla sweetness of the wood. The addition of wood chips is inspired by traditional preservation methods, which involve storing the blonde beer in oak barrels.
